Humayun Tomb

Humayun's Tomb is one of the most innovative and experimental monuments of its time incorporating within it an Indo-Islamic architectural style. This magnificent garden tomb is the first substantial example of Mughal architecture in India. It was built in 1565 AD nine years after the death of Humayun by his senior widow Bega Begam. Inside the walled enclosure the most notable features are the garden squares (Charbagh) with pathways and water channels centrally located well proportional mausoleum topped by double dome.
